## *Message*

I deem it a privilege to present the 46<sup>th</sup> Annual Report of Acharya Nagarjuna University on behalf the Executive Council. The Contents of the Annual Report reveal the Vision, Mission, Goals and Objectives of the University. It also reflects the administrative and academic initiatives taken up by the University during the period (2021-2022). The Report provides a platform to bring together data of Academicians, Researchers, Engineers, Scientists from Research and Development (R&D) Organizations, Students, Scientists, entrepreneurs, Industrialists and other stakeholders. Over the decades, the University has manifested much progress in pursuit of excellence in teaching, research, development and Innovation. Withstanding the Covid situation, this year in retrospect has been satisfying and eventful. I wish to bring to the notice of the stakeholders that the University continues to provide accessibility to Higher education in the era of digital globalization. Many teachers were granted major research projects by prestigious funding agencies, while Research Scholars have distinguished themselves by securing Post Doctoral Fellowships. The students have successfully completed their courses as per the prescribed Academic calendar.

I thank all the members of the Executive Council & The Members Academic Senate, Faculty, Staff, Scholars and Students for their valuable contribution and effort for the publication of 46th Annual Report. I congratulate the Registrar, Convener and the distinguished Board involved in to bringing out this comprehensive Annual Report. I am sure that the report will stand as a testimony the sublime academic excellence of Acharya Nagarjuna University.

# INTRODUCTION

# INTRODUCTION

## 1. Genesis:

Acharya Nagarjuna University is named after 3<sup>rd</sup> A.D Indian Buddhist philosopher Acharya Nagarjuna, the proto-Einstein who expounded Sunyavada or Relativity theory which intrigues and inspires human world for an eternity. The university is fortunate to be situated on the very soil where Acharya Nagarjuna was born, lived and preached, a soil consecrated by the aspirations for knowledge and a state of wholesomeness by generations of students. It is the profound wish for the people of the area that this University one day raises to the level of the yesteryears Nalanda and Takshashila

Established in 1976, the university has completed 46 years of existence and has made rapid progress in terms of academics, research and structural expansion under the stewardship of successive Vice-Chancellors. The university has been accredited with A grade (3.08 CGPA) by the National Assessment and Accreditation Council in December 2016. The University is situated in the vicinity of state capital region Amaravati between the cities of Vijayawada and Guntur in Andhra Pradesh on Calcutta and Chennai National Highway (N.H-16, previously known as NH-5), its campus is spread over an area of 293 acres of land. Quantitative expansion and qualitative improvements on various academic fronts have been made possible through the efforts of its dedicated faculty, an efficient team of supporting staff and high quality students input.

## 2.The Significance of University Emblem:

The crest and the motto adopted by the Acharya Nagarjuna University represent the creative essence of Indian culture oriented to the contemporary aspirations. The symbolism is based on the concepts that all human excellence proceeds from truth and culminates in truth. The

individual symbols in the crest are emblematically related to one another so as to suggest the upward evolution of the life force from material plenitude and manifest reality towards spiritual magnificence and universal consciousness.

The young initiated into knowledge at the University shall achieve identity, growth, self-differentiation and fulfillment in the various ascensions of intellectual and spiritual states shown in the symbolic scheme of the crest.

The vase of plenty (PURNA-GHATA) is a prototype from the Amaravati sculpture of the early centuries of the Christian era. It stands for material prosperity on the one hand and objective knowledge on the other. Its traditional attributes are *sasya* (fertility), *sanatana* (increase), *sampat* (prosperity) and samridhi (plenitude). The vase is also a paradigmatic representation of the universe and the creative cycle – the creation, the sustenance, and the apocalyptic transformation

Arising out of the superabundant water of life sprouting from *purna ghata* and transcending the mundane level, illuminated by the resplendent halo of the Sun, is the freshly blossoming Lotus. The pool of waters (*manasa sarovara*) symbolizes the creative. On the apex are the dharma-chakra and the Lotus representing the creative evolution symbolized by the solar orb.

On the apex are the dharma-chakra (the wheel of eternal law) flanked by *harinas* (deer), overarched by the *visva-padma* (the cosmic Lotus) flanked by *makaras* (symbols of the cosmic consciousness). The dharma chakra is reminiscent not only of *rita* but also of the Buddha's promulgation of the law (*dharma chakrapravartana*). The deers, too, have a two-fold connotation. On the one hand, they represent beatitude, and on the other, the highest point of universal consciousness.

The motto, '*Satye Sarvam Pratishtitam*' is an epigrammatic representation of the entire symbolism of the crest. It is singularly appropriate to the ideals and functions of the University, which is dedicated to the pursuit which is the Ultimate abode of all.

### 3. About the University:

The University started as an affiliating University with only 10 Postgraduate courses in the University College, which have been in existence right from 1967, when it was a part of the Andhra University Post-Graduate Centre at Nallapadu, Guntur. The University at present offers Postgraduate education in 70 courses, besides Postgraduate courses in affiliated colleges. Administration of the existing courses of the campus college is redistributed into three constituent colleges: i) College of Arts, Commerce & Law, ii) College of Sciences, iii) College of Physical Education and Sports Sciences from the academic year 2010-11.

The University College of Engineering and Technology established in 2009-10 offers instruction for B.Tech. in CSE, ECE, EEE, Civil, Mechanical and M.Tech., in Computer Science, Electronics and Communication Engineering, Structural Engineering and Power Systems. The College of Pharmaceutical Sciences established in 2009-10 offers M.Pharmacy programme in five specializations, along with B.Pharmacy. The University College of Architecture and Planning with B.Arch. programme also started functioning from the academic year 2010-11 and also offers Bachelor of Fine Arts.

The University has been constantly striving towards achieving progress and expansion during all these years, in terms of introducing new courses in the University College, the affiliated colleges and professional colleges. This University has also pioneered the introduction of self-financing courses in conformity with the National Educational Policy 2020 and the guidelines of the University Grants Commission. The resources mobilized through these courses have been utilized for strengthening the existing faculties and starting of new disciplines in the self-financing mode.

The University follows the CBCS (Choice Based Credit System). Academic Programmes of Interdisciplinary nature are offered. Evaluations is done through Continuous Internal Assessment (CAI) and Semester End Examinations (SEE) Students are given Marks List with CGPA and

Students. The Syllabus is framed, revised and updated keeping in view of the contemporary changes in the subject. The PG and UG Boards of Studies are authorized to revise and restructure the syllabus and curriculum according to the industry needs. UG CBCS Syllabus is revised from the academic year 2020-21.

The University has encouraged several colleges within its jurisdiction to introduce job-oriented and add-on courses at the Undergraduate and Post-graduate levels. The University has always been proactive in implementing the Model curricula developed by UGC/NCTE/AICTE/PCI. Academic autonomy has so far been extended to eight of the affiliated colleges as per the direction of the University Grants Commission, New Delhi. Steps are continuously being taken to implement the reports of various Committees to evolve a pattern of restructured courses. In the pursuit of Quality drive, the University has been encouraging every affiliated college to opt for Accreditation from NAAC. So far 30 colleges affiliated to the University have been accredited (four of them at A Level) by the NAAC. Still there is a long way to go in this regard.

Teaching and Research are the two eyes and twin goals of the faculty in the University College. The academic Departments seek to find a reasonable and useful balance between the world of knowledge and its use and application in more concrete and realizable form. The research programmes and course content focus on these issues and attempt to find solutions, so that feedback obtained by such an interaction could be used to bridge the gap between learning and its utility value. The paramount research objectives of the university are finding innovative sustainable solutions to social, economic, governance, cultural, scientific, Agricultural, technological, legal etc challenges. There are a significant number of scholars working under Rajiv Gandhi National Fellowship programme pursuing PhD. Course. The UGC has also sanctioned considerable number of Project Fellowships as part of Major Research Projects sanctioned to the University Faculty. The interaction between the funding agencies and their beneficiaries and the managerial problems including legal problems in industries form other research pre-occupations of the university. The academic Senate of the

University has also resolved to integrate the University with the society through its extension programmes by creating separate funding for taking up such researchers.

Further, the University Departments have organized Seminars/Workshops on the impact of COVID-19 Pandemic and the structural changes that have occurred post COVID-19 Pandemic, and provided various suggestions.

The University has exclusive centres of study such as Dr. B.R. Ambedkar Centre for Social Policy and Social Action, Mahayana Buddhism, Scientific Socialism, Disaster Mitigation Studies, Prof. K.S. Murthy Centre for Studies in Afro-Asian Philosophies, and Women's Studies, centre for conducting studies on Mahatma Jyothirao Phule and his social philosophy, Centre for Entrepreneurship Development indicating the diversified activities of the University. The UGC has sanctioned the establishment of a Gandhian Studies Centre, which has been organising a series of lectures on Gandhian philosophy. Centre for Australian Studies is established in 2021.

**Library:** The University Library has acquired a large collection of books for the ongoing teaching and research work in the university. The library has a micro filming unit and Documentation Cell. The Library has been subscribing to as many as 450 National and International Journals besides acquiring the back numbers of frequently used Journals and spends about Rs.60 lakhs for this purpose. Further, the University Library has subscribed for many on-line journals.

**Primary Health Center:** A Primary Health centre is functioning on the Campus to provide medical aid to the Staff and the Primary Health Centre has initiated COVID-19 vaccination drive with the assistance of the Government for the benefit of the University Students, Scholars and the Staff.

### **The Instrumentation Centre and the Computer Centre:**

The Instrumentation Centre and the Computer Centre which are equipped with the latest technology are functioning effectively. The Internet facilities in the campus have been modernised

by introducing fibre optic connectivity. A drive is on to provide Wi-fi facility to all the Hostels in the campus.

### **Other Academic Programs:**

The UGC NET Coaching Scheme, and Remedial Coaching Scheme for SC & ST Students have been yielding rich benefits. Several programmes and measures introduced by the University such as Centre for HRD, Citizens Charter, University Newsletter are being strengthened to facilitate their functional efficacy.

### **The Directorate of Admissions:**

The Directorate of Admissions set up to conduct PG and research admissions, conducted the Admission Counseling Session for the year 2020-21 smoothly and the academic schedule was started as per the designated calendar. The University colleges conducted Induction Meeting for the newly admitted students. Emphasis is being laid on making the University acquire a true international character. There is the presence of a significant number of Foreign Students on the campus, joining various courses such as B.Tech, B.Pharmacy, M.A., M.Com., M.Sc. and in research leading to Ph.D. Another milestone in this direction has been the diversification of "On-line Education" covering many branches of education and using the advancements in ICT. Thus, ANU has been in the forefront in implementing the Mission of the Government of India, i.e., National Mission of Education through ICT (NME ICT).

### **Skill Oriented Add on Course:**

The University is offering Skill Oriented Add on Course with industry partners such as Efftronics, Models India, Sarayu Technologies, Bajaj Auto, Varun Bajaj, Venkateswara Transformers, Matrix India, Apollo Pharmacy, GVK etc.

# I. CHOICE BASED CREDIT SYSTEM (CBCS)

As a measure of ensuring quality, the National Knowledge Commission (NKC) has called for reforms in the Universities by way of frequent curricula revisions, introduction of choice based credit system, enhancing reliance on internal assessment, encouraging research, and reforming governance of institutions. Taking cue from these recommendations, Acharya Nagarjuna University has decided to implement the choice-based credit system (CBCS) from the academic year 2013-14 for all the post-graduate courses (As approved by the 68th Academic Senate at its meeting on 27-03-2013).

## 1. Why Choice Based Credit System?

- To provide academic mobility of students.
- To provide wider choice for the students in the current system.
- To make making the curriculum inter disciplinary.
- To enhance skills by including project work, entrepreneurship and vocational training.
- To improve the employability of students.
- To collaborate with the industry to foster innovations.

## 2. Components of CBCS system

- Credits system
- Comprehensive continuous assessment
- Grading

## 3. What is a Credit?

The term 'Credit' refers to the weightage given to a course, usually in relation to the instructional hours assigned to it. For instance, a five hour course per week is assigned five credits, four hour course per week is assigned four credits and two hour course per week is given two credits. However, in no instance the credit of a course can be greater than the hours allotted to it in the normal circumstances. It measures the volume of content to be delivered in the course being studied. A credit of a course also indicates the weightage of a course for calculating Grade Point Average. Thus, in each course credits will be assigned on the basis of the number of hours required per week for lectures/ tutorials/ lab work/ field work to complete the course in a single semester. More specifically:

1 credit = 1 hours of direct teaching / week

1 credit = 2 hours of lab work / week

1 credit = 2 hours of field work / project / week

Thus, 1 credit course requires 1 hour per week during a 16 week semester and accordingly a 4 credit course requires 4 hours per week during a 16 week semester.

## 4. How is a Credit Measured?

Every one hour of lecture session/ week amounts to 1 credit per semester. A minimum of two hour session of Tutorial or Practical/ Practice session per week amounts to 1 credit per semester. A course of study may have only lecture component or tutorial or only practical/ practice component or field work/project work/ tour; or combination of any of these components. The total credit earned by a student at the end of semester upon successful completion of the course is usually described as: L+T+P. The credit pattern of the course is indicated in L:T:P format. For a 4 credit course the format could be:

(a) 4:0:0:1:2:11:1:21:0:31:3:0 (b) 2:1:12:2:02:0:23:1:03:0:1 (c) 0:2:20:4:00:0:40:1:30:3:1

The concerned BOS will choose the convenient credit pattern for every course, based on the requirement. However, generally a course shall be for 4 or 5 credits.

## 5. Relationship between number of credits and marks per paper

Though credits are not directly related to marks, as a rule of thumb, we may consider 1 credit being equivalent to 25 marks. A the or ypaper with 4 credits may be a ssigned 100 marks. The concerned BOS will choose the convenient credit pattern and marks for every course, based on their requirement. Generally a course having 4 credits shall have 100 marks for theory paper and practical paper with 2 credits shall be assigned 50 marks. There may be some non-credit (NC) courses also, for which credits can be assigned, and they are to be completed satisfactorily; though not included in the grading.

## 6. CBCS Rules & Regulations as a pproved by the Academic Senate

(vide 68th Meeting of the AS held on 27-3-2013).

### 6.1 Evaluation

The performance of a student in each course is evaluated in terms of percentage of marks with a provision for conversion to grade points. Evaluation for each course shall be done by a continuous internal assessment by the concerned course teacher as well as by an end semester examination and will be consolidated at the end of the course. The components for continuous internal assessment are: Two tests (20 Marks); Seminar/ Quiz (5Marks); Attendance (5Marks) Total= 30 Marks

In addition to continuous evaluation component, the end semester examination, which will be a written-type examination of at least 3 hours duration, would also for man integral component of the evaluation. The ratio of marks to be allotted to continuous internal assessment and to end semester examination is 30:70. The evaluation of laboratory component, wherever applicable, will also be based on continuous in ternal assessment and on anend-semester practical examination.

### 6.2. Grading:

Once the marks of the continuous internal assessment and end-semester examinations for each of the courses areavailable, they will be added. The marks thuso btained will then begraded as per details provided in Table-1.Fromthe firstsemester on wards the total performance with in asemester is in dicatedrespectively by Grade Point Average (GPA). Afterevaluation, assignment of Gradeletter and Gradepoint (GP) to every paperis allotted as shown below(Table-1) attheend of each semester.

Sl.No.	Range of Marks	Grade letter	Grade Point
1.	≥ 90 and 100	O	10
2.	≥ 80 and < 90	A	9
3.	≥ 70 and < 80	B	8
4.	≥ 60 and < 70	C	7
5.	≥ 50 and < 60	D	6
6.	≥ 40 and < 50	E	5
7.	< 40	F	Zero
8.	ABSENT	-	-

### 6.3. Computation of SGPA

Ineachsemester, Semester Grade Point Average (SGPA) shall be computed in all semestersas shown below (Table-2).

**Table - 2**

Paper No.	Credits (CR)	Semester – 1	Semester - 2	Semester - 3	Semester - 4
1	5	A	B	A	B
2	5	B	C	B	A
3	5	C	B	A	O
4	5	D	E	B	A
For subjects without Practical's there may be 5th paper	5	E	A	B	C

$$\text{SGPA (Sem -1)} = \frac{\sum \text{GP} \times \text{CR}}{\sum \text{CR}}$$

$$\frac{9 \times 5 + 8 \times 5 + 7 \times 5 + 6 \times 5 + 5 \times 5}{25} = 7$$

Similarly,

$$\text{SGPA (Semester -2)} = 7.4;$$

$$\text{SGPA (Semester -3)} = 8.4;$$

$$\text{SGPA (Semester -4)} = 8.6$$

$$\text{SGPA Semester 2)} = 7.4;$$

$$\text{SGPA (Semester -3)} = 8.4;$$

$$\text{SGPA (Semester -4)} = 8.6$$

#### 6.4. Computation of CGPA

- (i) At the end of the course, Cumulative Grade Point Average (CGPA) shall be calculated as follows: Conversion of CGPA to Percentage: Aggregate per centage (AP)=CGPAx1.0

$$\begin{aligned} \text{SGPA(Sem-1)} &= \frac{\sum \text{GP} \times \text{CR}}{\sum \text{CR}} \\ &= [(9 \times 5 + 8 \times 5 + 7 \times 5 + 6 \times 5 + 5 \times 5) \\ &\quad + (8 \times 5 + 7 \times 5 + 8 \times 5 + 5 \times 5 + 9 \times 5) \\ &\quad + (9 \times 5 + 8 \times 5 + 9 \times 5 + 8 \times 5 + 8 \times 5) \\ &\quad + (8 \times 5 + 9 \times 5 + 10 \times 5 + 9 \times 5 + 7 \times 5)] / 100 \\ &= 7.85 \end{aligned}$$

For example, if CGPA is 7.85, the Aggregate Percentage (AP)= 7.85 X 1.0= 78.5

- (ii) A science student has to secure a minimum of 'E' Grade in each paper and also a minimum SGPA of 6.0 points (DGrade) in any Semester to clear that Semester. Suppose any student gets 'E' Grade in two or more papers but fails to get an overall SGPA of 6.0 (D Grade), then he/she is free to reappear any of the paper (s) in which the student got E Grade of his/ her choice in the subsequent examination(s).
- (iii) In case of Arts, Commerce, Law and other Social Sciences, a student has to secure a minimum of 'E' Grade in each paper and in Semester also.

- (iv) In order to fulfill “Choice Based” System, every student shall choose two Non-core papers on each in 2nd and 3rds emesters; in addition to the core papers prescribed for the course in which he/ shewas admitted and these two papers shall be chosen from other disciplines.
- (v) The grades secured for the Non-Core papers will not be considered in the computation of CGPA, but student should get minimum of ‘E’ Grade to clear the Non-core papers and will be vividly displayed in the transcript and this will indicate his/ her exposure to other disciplines, which will have added advantage in placements.
- (vi) The departments shall have to design the time-table in such a way that the core papers are to be accomodated from Monday to Friday and Saturday is to be reserved for Non–Core papers in 2nd and 3rd semesters.

## II. SATELLITE DATA ANALYSIS AND APPLICATION CENTRE (SDAAC)

Acharya Nagarjuna University opened a Satellite Data Analysis and Application Centre in collaboration with the Indian Space Research Organization (ISRO) on the premises of University Engineering College. The Vice-Chancellor inaugurated the Centre on 2<sup>nd</sup> June 2014, which is useful academically for B.Tech., M.Tech. projects and Ph.D. works. Satellite data is being received from ISRO and analysis is done here. This data will be forwarded to different Government Departments like Mineral Dept., Fisheries Dept., Urban and Rural Planning Depts. etc. for the development of our state as well as our country.

The following are the research activities in the SDAAC, ANU during 2019-20.

### Brief Description:

Krishna district came into existence in the year 1859 in the composite Madras state which was then known as Masulipatnam district since Machilipatnam (Bandar) is the district headquarters. Krishna district derived its name from the mighty river Krishna which is also known as the “Blue Nile of the Deccan”. The river Krishna has profound bearing on the cultural and economic life of people living in its delta. Since the residuary Krishna district did not undergo any major jurisdictional changes except some minor changes in 1925, 1950 and 1959. In 1959 Munagala Paragana which was abridged to Krishna district in 1950 was transferred to Nalgonda district for administrative convenience. Guntur and West Godavari districts were carved out from Krishna district in the years 1904 and 1905 respectively. Since then both the districts are in existence.

Krishna district is one of the most developed districts in Andhra Pradesh. The District headquarters is Machilipatnam, a port town. The district is bordered by west Godavari Dist. To the East, Nalgonda and Guntur Dist. to the west, Khammam Dist. to the North and Bay of Bengal to the south.

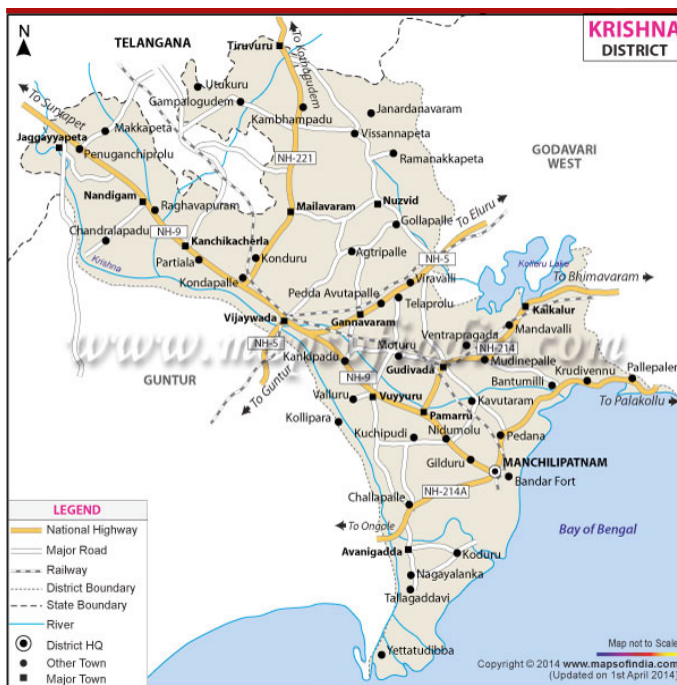

Figure 1: Map of Krishna District

### Preview:

In this document urbanization of Krishna district have been detailed. That is the total occupancy of habitation in the entire district is given. The information given in this document is got by processing satellite data/satellite images. The images analyzed are much reliable which were acquired from National Remote Sensing Centre. Twenty one scenes/ images are used to analyze the entire district. Acquired images are processed by using software called ERDAS Imagine. All the measurements given are merely approximate values.

## ERDAS Imagine

ERDAS Imagine is a remote sensing application with raster graphics editor abilities designed by ERDAS for geospatial applications.

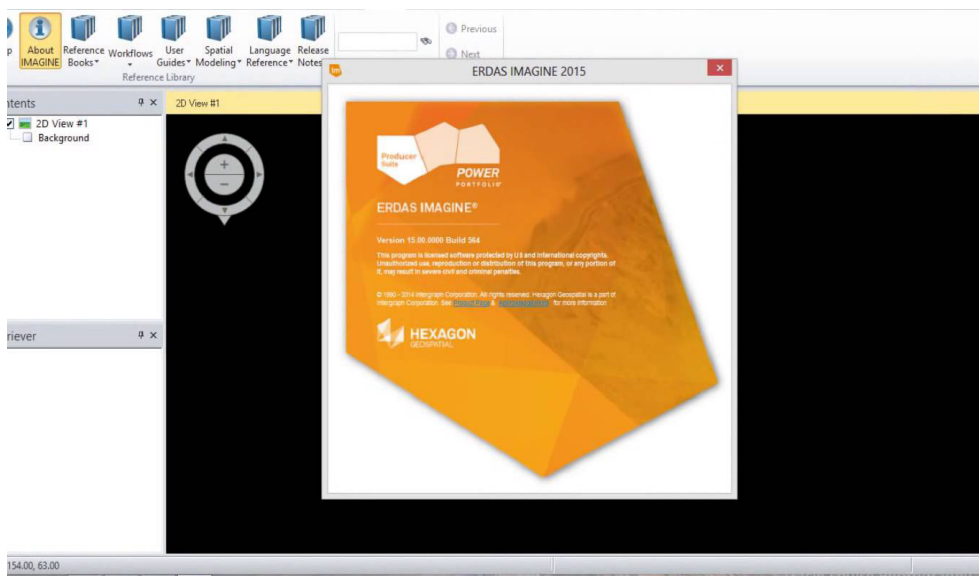

Figure 2: ERDAS Imagine workspace

Imagine is aimed mainly at geospatial raster data processing and allows users to prepare, display and enhance digital images for mapping use in geographic information system (GIS) and computer-aided design (CAD) software. It is a toolbox allowing the user to perform numerous operations on an image and generate an answer to specific geographical questions. Figure 2 shows the workspace in ERDAS Imagine.

By manipulating imagery data values and positions, it is possible to see features that would not normally be visible and to locate geo-positions of features that would otherwise be graphical. The level of brightness or reflectance of light from the surfaces in the image can be helpful with vegetation analysis, prospecting for minerals etc. Other usage examples include linear feature extraction, generation of processing work flows (*spatial models* in Imagine), import/export of data for a wide variety of formats, orthorectification, mosaicking of imagery, stereo and automatic feature extraction of map data from imagery.

### Procedure to Process the Data:

Now the data available with us is a collection of twenty one individual scenes. It's impossible for an individual scene/ image to give the whole information of the entire district alone since it covers only a single part of the district. Therefore to get the complete information of entire Krishna district, we need to combine all the twenty one scenes. To combine the images we need to stitch them in order, this process of stitching individual images is called "Mosaic". This process of mosaicking can be performed by using ERDAS IMAGINE. In Figure 3 three individual images are added to form a single image which is called Mosaicking. In Figure 3 three individual images are added to form a single image which is called Mosaicking.

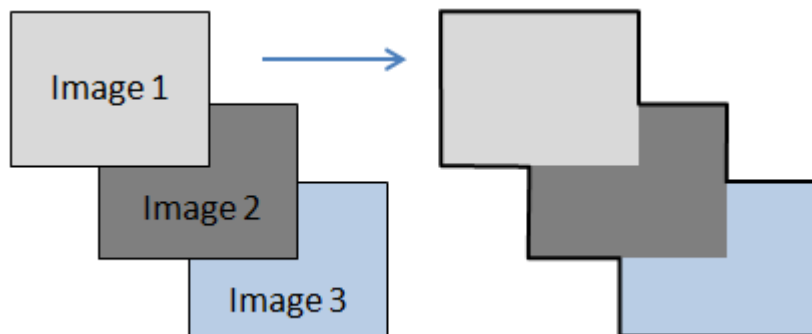

Figure 3: Image Mosaicking

Figure 4 shows one of the twenty one individual scenes in Krishna district which belongs to the path 558 and row 320, the PLD orbit number of the scene is 32481, Sequence number of the scene is 85 bytes per pixel that is 2 bits per pixel, having the resolution of 2.5 meters with an image format of GEOTIFF. Satellite altitude is 623168.09538594 meters with sun azimuth of  $87.12886654^\circ$  and sun elevation of  $70.68163328^\circ$ . Similarly all the other individual scenes/ images have their own orbit number, sequence number, with the same resolution of 2.5 meters, their own satellite altitude, sun azimuth, and sun elevations. All such images are added through the processes of mosaicking to extract the required information from the entire Krishna district of Andhra Pradesh.

Figure 4: Individual Scene/Image

Figure 5 shows non mosaicked scenes, which we are needed to be stitched or mosaic.

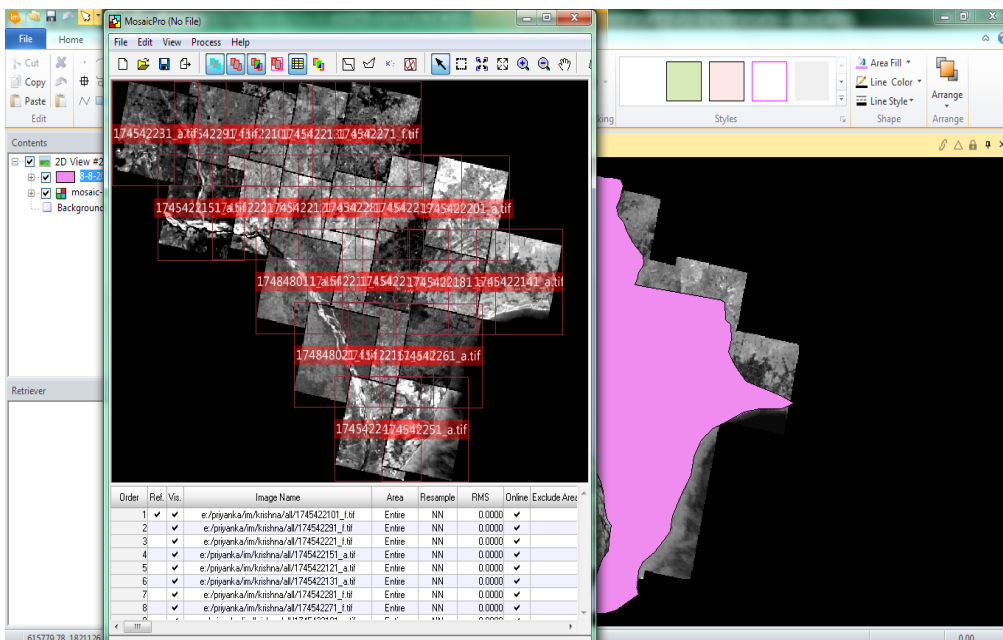

Figure 5: Non mosaicked Scenes

Figure 6 shows added scenes or mosaicked image of all twenty one scenes from which we can identify the desired area of interest.

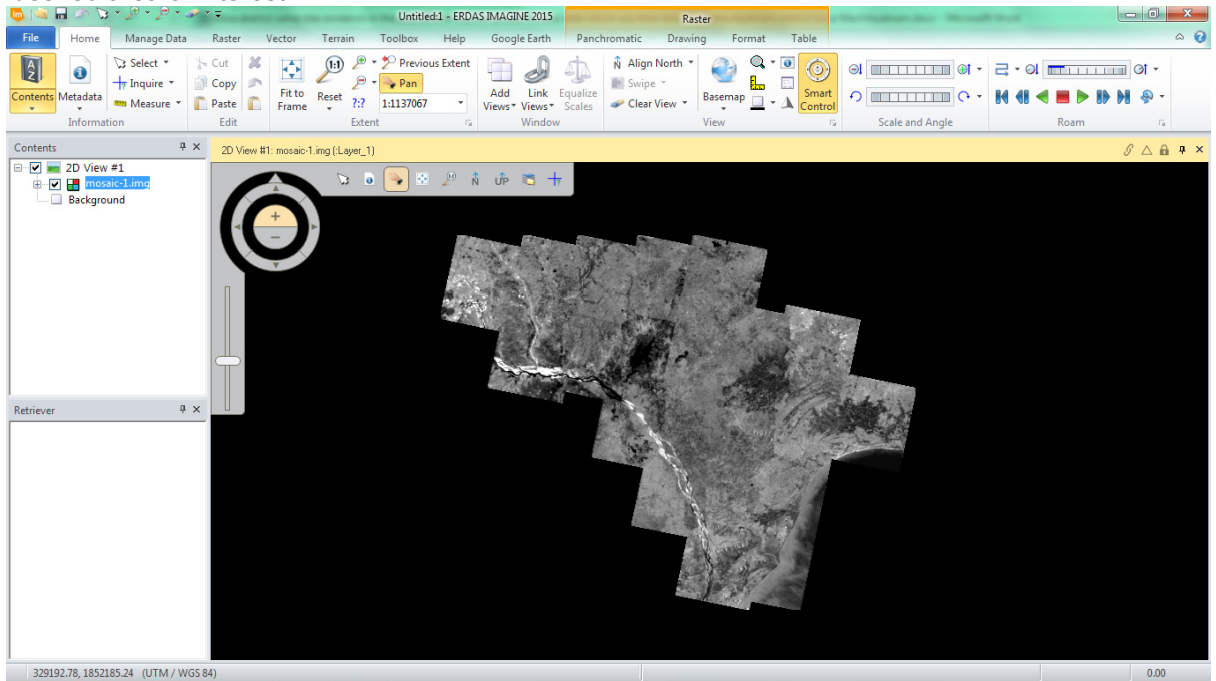

Figure 6: Mosaicked Scenes

The next step after mosaicking is the work of modifying image by using the suitable tools in ERDAS Imagine. If the desired task is to identify a particular area, crop land, rivers, habitants, forest etc, we can mark them by using the drawing tab in ERDAS Imagine.

The Drawing tab consists of a set of tools used for drawing various objects, as well as creating text and geometric annotation in a 2D View or Map View. When used in an AOI layer, One can select, create, and edit areas of interest (AOIs). For instance, \ polyline can be used to identify rivers, roads etc. polygon can be used to identify, particular area.

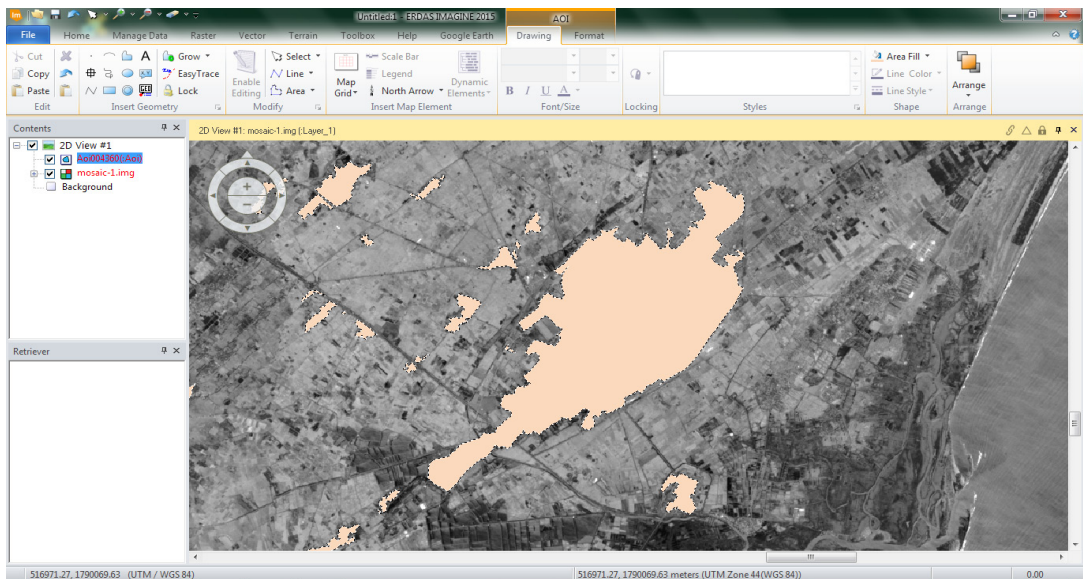

Figure 7: Polygon to mark area of interest

Figure 7 shows the image of an identified area by using the polygon (area of interest).

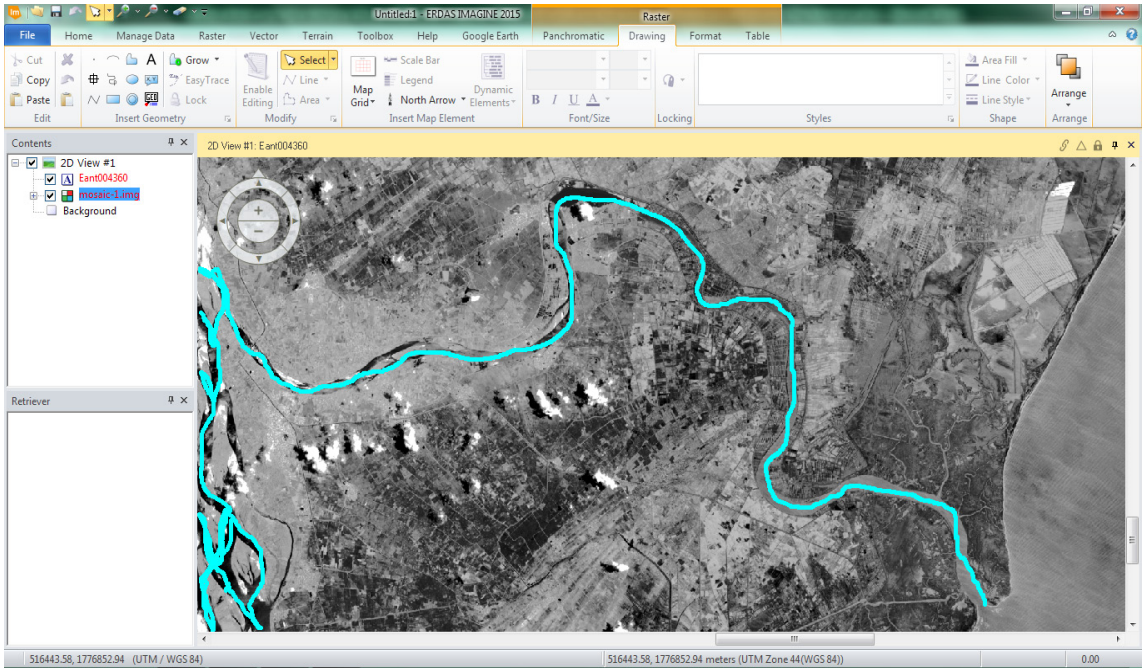

Figure 8: free hand polyline used to mark the river

The free hand polyline  is used in figure 8 to mark the river. Likewise we can use our desired tool to modify the image. Similarly, we can get measurements for lines, points, polygons in any desired unit. For example to measure the width of the river draw a polyline from one end to the other end of the river, the line which we have drawn gives the width of the river in desired units which we need to set prior. If we want to measure the area of Small Island, polygon is drawn around the island which gives the measure of the Island.

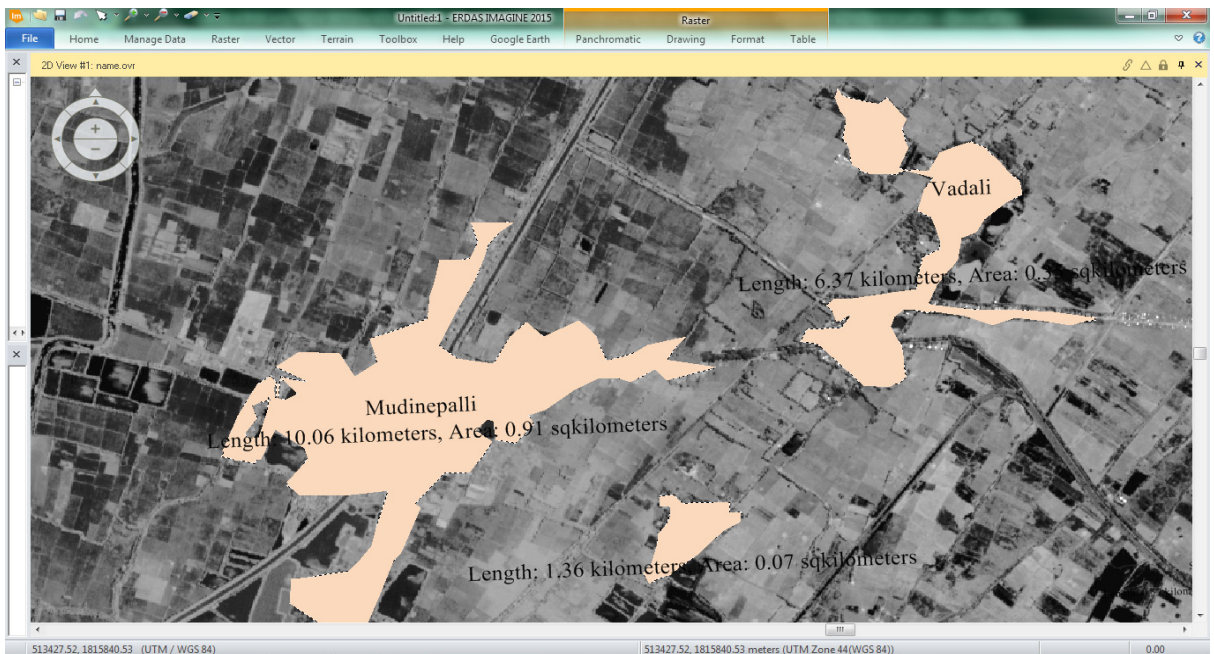

Figure 9: Measurements and Annotations

Figure 9 shows the annotation layer which contains the name of the habitation and the area occupied by the habitation. By utilizing the above tools, habitation all over the Krishna district have been marked and also the measurements of the corresponding area were identified.

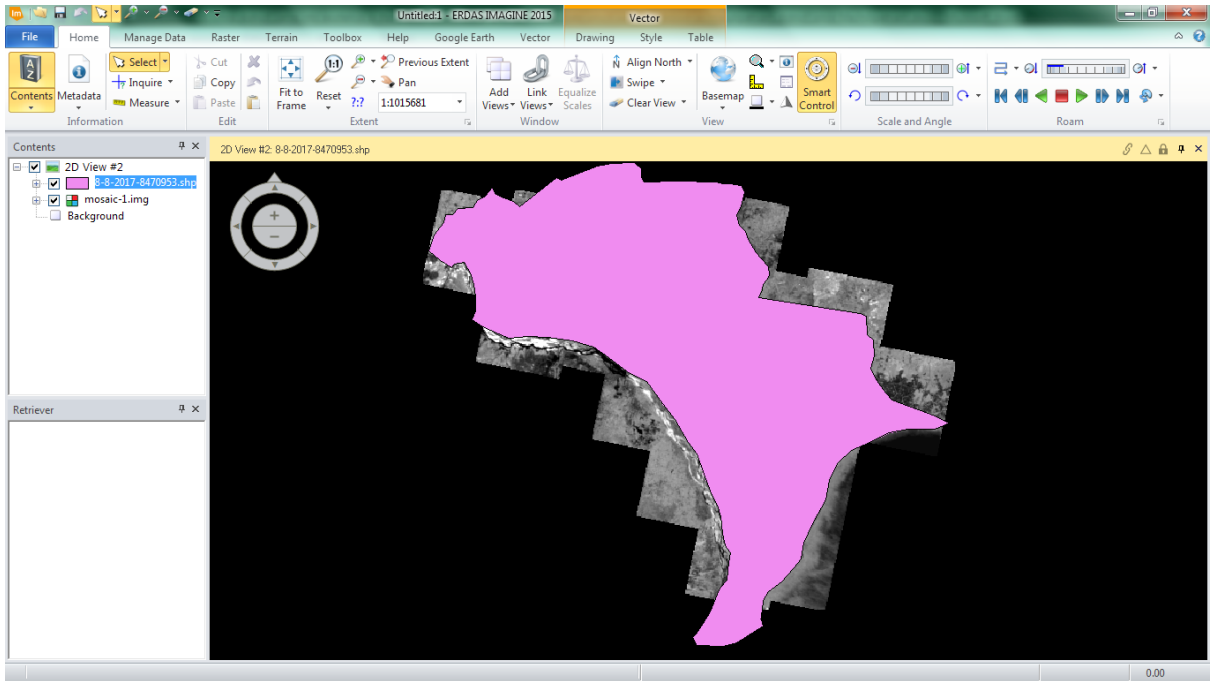

Figure 10: Krishna District

Figure 10 shows the entire coverage of Krishna district or map of the Krishna district.

Figure 11: Habitation/ Urbanization in Krishna District

### III. DISTANCE EDUCATION PROGRAMMES IN ICT MODE

Acharya Nagarjuna University has launched its premium Online Programme for the benefit of the students. Both domestic Indian Students, Students of NRI status and students Of other Nations can now, reap the benefits of higher education from Acharya Nagarjuna University through the “Online Programmes”.

The University started Distance Mode of Education in the year 2003 and helped lakhs of students to enhance their respective academic qualifications. Now, this is an ewinitiative converging the latest technological advancements including cloud computing and that of Academic excellence to provide ‘online Education’ .The course material, replete with video lectures, audio books, textual study material and animated content, created by veteran professors and industry experts, provides the type of interactivity the students have been looking for. The students of these courses will be provided with their unique user ID and passwords, using which the students can access their personalized course pages on the University Learning Management System. The students shall be able to rewind and revise the lectures at their own will.

The University will also be launching its mobile interface which can be downloaded by the students on their smart phones, thereby making m-learning a reality. Students shall be able to access the full course content and also chat with the professors online on their smart phones. The university has also made the provision for the students to avail themselves of the off-line content for their mobile phones .The students shall be able to access the digital content without the need for any Internet connection. This feature of the online program shall be beneficial for the students of the state who hail from remote and far-flung areas with little Internet connection. Progress of the students is reviewed, monitored and guided online by way of SMS ,e-Mail, IVRS and by a dedicated Call Centre. For the conduction of the programs and efficient student support , the University has partnered with **School Guru Edu Serve Pvt Ltd**, a specialized Academic Support Services organisation with proven skill set to run and manage Online programs for Indian Universities. School guru Edu serve Pvt. Ltd. Is also supporting this venture by way of setting up of a Audio-Video recording studio in ANU campus to record video lectures by experts.

The entire process of admission, document verification, payment of fees, approvals and teaching shall be conducted online. Examinations, Assignments, Evaluation, Marks list generation and also the award of the

degree is programmed to be online. ANU also is one of the first Indian Government Universities to launch the Online Examinations for all its students enrolling for the said courses. The students shall be able to take the tests on their laptops. The use of technology shall also help the University to assess the students efficiently and to provide prompt mark sheets.

School guru has brought in the complete technology infrastructure at no Capital Expense the University. The platform with its ERP, its integrated Learning Managed System and its Mobile Application is rugged, scalable and time tested. With the partnership of School guru, the University has offered 18 Online courses with 32 programmes for the Academic Year 2014-15. 5 more courses are being offered from calendar batch 2015. For more information, please visit – [www.anuonline.ac.in](http://www.anuonline.ac.in) and [www.schoolguru.in](http://www.schoolguru.in).

### **ANU Bags Prestigious Award for Online Education**

ANU has won the ITA award for the Online programme from the Indian Merchants Chamber (IMC), a premier chamber of trade, commerce and industry in India. The IMCITA awards were instituted to recognize and encourage not just industry but also end-users. ANU won the IMCITA award based on the following criteria:

- Innovative use of technology to solve a business problem.
- Use of IT to increase business competitiveness.
- Use of IT to increase efficiency and deliver quantifiable returns to all stakeholders.

The award was received by the Registrar Prof.P.Rajasekhara in the award presentation ceremony in Mumbai on 9-6-2015 from Shri Arvind Sawant, M.P.

### **ACHARYA NAGARJUNA UNIVERSITY FREE ONLINE COURSES (ANU MOOCs)**

Acharya Nagarjuna University has taken measures to design /develop MOOCs in ANU and has authorized the Director, ISC to work on the project and required facilities are provided to develop free online courses.

#### **Salient features of ANU MOOCs:**

1. **Title of the Project:** The initiative will be called as “MOOCs”, to be developed on the lines of reputed world class universities like Harvard, MIT etc.
2. **Who will develop the courses :**The Faculty members from ANU and its affiliated colleges will be trained and motivated to develop ANU online courses. Efforts of faculty members will be channeled through Nodal Office at ISC and interested faculty members will be asked to register their proposals, to avoid duplication of effort. The content given by the faculty members will be divided into number of small modules and presentation tools like PPTs, Audio/video mixing will be provided by the facilities available in ISC online education and also in the Dept. of Journalism and Mass Communication. The final version of the content will be evaluated/ certified by subject experts and language editors and then only it will be placed in the University Website for free access to anyone, anytime, like any other MOOCs.
3. **For Whom:** The courses will cover all faculties and are offered free of cost to all to learn the subject. Those who want ANU certification will be required to pay Rs 500 for Indian students from within the country or US\$20 for all International Students.
4. **Procedure to be followed by Students:** Interested students are required to register online for the selected course(s) in the University Website/ ISC Website and after successful registration every user will be given a user name and password for accessing the courses.
5. **Assigning Credits to Online Courses:** At present all PG courses in ANU are offered through CBCS and in case of two year PG courses, every student has to select any course from the list of approved non core papers during II and III semesters. Now the students may be asked to take MOOCs for Non core papers in II and III semesters. The University will decide the number of credits to be allotted for that course depending on the coverage of syllabus.

6. **Evaluation and Certification:** The content developer must also develop question bank in the form of MCQs along with the course content for the purpose of evaluation. The built in mechanism in the software will enable the generation of question paper and system will itself evaluate the performance and result will be displayed instantaneously without human intervention. System generated certification or hard copy of certification may be issued by the university with the signature of authorized authority of the university.
7. **Time Line:** Some of the courses can be offered w.e.f., 1<sup>st</sup>, September, 2015.
8. **Core Team:** Prof. AVDattatreya Rao, Prof. V.Chandra Sekhara Rao, Prof. E.Srinivasa Reddy and Sri S.Koteswara Rao from M/s School guru office in ANU.

University has taken a decision to design and develop e- content by collaborating with a Technology partner for selected courses on trial basis during the academic year 2014-15. It started 34 programs, which includes UG and PG programs. ISC developed e-content for 229 theory papers, 19 lab papers and recorded 87 video lectures for various courses. 716 students have joined in these programs. University received Global HR Excellence Award and IMC IT award in 2015 for its contribution to ICT enabled education.

### **Acharya Nagarjuna University Free Online Courses (ANU MOOCs)**

ANU has taken measures to design/develop MOOCs in ANU and has made a beginning by offering the following courses through [www.moocs.anuonline.ac.in](http://www.moocs.anuonline.ac.in).

**ANU MOOCs have started under the following three categories:**

- ☛ Business and Management Category
- ☛ Computer Science: Theory, Programming, Software, Security Category
- ☛ Marketing & Communication Category

Sl. No	Moocs Program Name	No. of Registered Students	No. of students completed Course

## IV. CONDUCT OF SPECIAL DAYS

### 35<sup>th</sup> Death Anniversary of Babu Jagjivan Ram

Sri Babu Jagjivan Ram Chair organized death anniversary of Sri Babu Jagjivan Ram (former Deputy Prime Minister of India) on 6<sup>th</sup> July 2021. Prof. Raja Sekhar Patteti attended as Chief Guest of this programme. Prof. K. Madhu Babu, coordinator, Sri Babu Jagjivan Ram chair ANU, presided over the programme. Rector Prof. P. Vara Prasada Murthy, Registrar Prof. K. Rosaiah and other University officials attended the Programme.

### YSR Birthday Celebrations

72<sup>nd</sup> Birthday of former Chief Minister of Andhra Pradesh Late Dr. Y.S.Raja Sekhar Reddy was celebrated on 08 July, 2021 at ANU. Speaking on this occasion, Prof. Raja Sekhar P, Vice-Chancellor, said that Dr. Rajasekhar Reddy brought structural changes in the education system and has to his credit the introduction of fee reimbursement to weaker sections and also highlighted the social welfare schemes introduced to farmers, students, Women, Unemployed youngsters. Prof. E. Sreenivasa Reddy, Principal, University College of Engineering and Technology presided over the function. Prof. P. Varaprasada Murthy, Rector, Prof. K. Rosaiah, Registrar, Prof. K. Madhu Babu, Dean, CDC, Dr. B. Nagaraju, Director, CDE, Prof. P. Siddaiah, Principal University College of Architecture and planning, various section coordinators, VIKASA, NUTA, Teaching staff, Non-Teaching staff, Research Scholars and students Participated the Programme.

### Death Anniversary of Gurram Jashuva

The University has organized Gurram Jashuva's 49<sup>th</sup> Death anniversary celebrations on July 24, 2021. The Vice-Chancellor Prof. Raja Sekhar P, Rector, Prof. P. Vara Prasad Murthy, Registrar, Prof. K. Rosaiah, UG Exams Co-ordinator, Prof. K. Madhubabu, CDE -Co-ordinator, Dr. B. Nagaraju, NSS Co-ordinator, Prof. L. Uday Kumar etc., garlanded the photo and paid homage to great legendary personality.

### Death Anniversary of Dr. A. P. J. Abdul Kalam

On the eve of the Death Anniversary of former President of India, Dr. A.P.J.Abdul Kalam on 27 July, 2021 the university officials paid floral tributes to the statue of Dr. Kalam. On this occasion, Prof. P. Raja Sekhar, Vice-Chancellor, said that Dr. Abdul Kalam's life is a great inspiration to young students. Prof. K.

Rosaiah, Registrar, Prof. K. Madhu Babu, Dean, CDC, Dr. K.Sunita, OSD, Prof. B. Karuna, Dr. P. Mural Mohan, Dr. Brahmaji, Dr. Hari Babu, Dr. G. Chenna Reddy and others participated.

### **Birth Anniversary of Tanguturi Prakasam Pantulu**

The Department of Telugu & oriental languages of ANU celebrated the 150<sup>th</sup> Birth anniversary of Tanguturi Prakasam Pantulu. The Chief Guest, Prof. Raja Sekhar P, the Vice-Chancellor delivered Keynote address. He spoke about the greatness of Prakasam Pantulu. He also motivated younger generation to adopt the qualities like determination, commitment and dedication from him. He applauded the services of Sri. Prakasam Pantulu as freedom fighter and Andhra Pradesh's first Chief Minister. The Rector, Prof. P. Varaprasad Murthy, Registrar, Prof. B. Karuna, EC member Prof. Saraswathi Raju Iyer, Prof. N.V. Krishna Rao, Prof. K. Madhubabu, Dr. B. Nagaraju, Prof. L. Uday Kumar and other participated the event.

### **75<sup>th</sup> Independence Day Celebrations**

ANU celebrated the 75<sup>th</sup> Independence Day on 15 August, 2021 with patriotic fervor. Prof. P. Raja Sekhar, Vice-Chancellor, hoisted the National Flag and delivered the Independence Day message. Prof. P. Varaprasada Murthy, Rector, Prof. B. Karuna, Registrar, principals of various ANU campus colleges, Coordinators, Deans, Teaching staff, Non-Teaching Staff, Research Scholars, Students participated the celebrations. After the programme Prof. P. Raja Sekhar paid floral tributes and garlanded the statues of Mahatma Gandhi, Dr. B.R. Ambedkar, Babu Jagjivan Ram and Dr. APJ Abdul Kalam, in ANU campus.

### **Photography Day**

Department of Journalism & Mass Communication, ANU organized "World Photography Day" celebrations on 19 August, 2021. Prof. Raja Sekhar P, Vice-Chancellor, in his Keynote speech expressed the importance of photography and appreciated the services of photographers. Dr. N. Venkata Ramana was the Chief Guest. Prof. P. Varaprasada Murthy, Rector, Prof. B. Karuna, Registrar, Dr. G. Anitha, Coordinator, Department of Journalism & Mass Communication, Prof. K. Madhu Babu, Dean, CDC were among those who participated.

# **INTERNAL QUALITY ASSURANCE CELL**

# **INTERNAL QUALITY ASSURANCE CELL (IQAC)**

## **(A Post-Accreditation Quality Sustenance Activity)**

Acharya Nagarjuna University was accredited by National Assessment and Accreditation Council (NAAC) in 2003 with B++ for the first time. As per the guidelines of the NAAC every accredited Higher Educational Institution has to establish an Internal Quality Assurance Cell (IQAC). Accordingly Acharya Nagarjuna University established IQAC soon after assessment by NAAC in 2003. It was inaugurated by Dr. V. S. Prasad, the then Director of NAAC. Acharya Nagarjuna University is one of the foremost accredited educational institutions to have established IQAC for a continuous monitoring of quality education. The University was accredited with “B” Grade in 2010 (2<sup>nd</sup> Cycle).

Apart from the basic objectives of IQAC, some of its functions are:

Recording and monitoring quality measures of the institution; acting as a nodal agency of the institution for quality related activities; Preparation of Annual Quality Assurance Report, Half-yearly Report and such other reports as may be decided from time to time. IQAC also shoulders the responsibility of other quality assurance activities of the Campus that include maintaining and processing the Career Advancement Schemes of Faculty on a continuous basis. It promotes the policy of imparting quality education in the institutions affiliated to Acharya Nagarjuna University. The necessary database useful for presentation at Governmental and other levels to assess the quality performance of the University is also being undertaken by IQAC. It is also involved in distributing Questionnaires to the students to get their evaluation of faculty and the courses. The results of the feedback analysis are then circulated to the faculty.

An associated advisory body called Quality Advisory Committee (QAC) was also constituted for guiding IQAC on the right path which was reconstituted in 2016. IQAC, along with a duly constituted steering committee, played an important role in the reaccreditation process of Acharya Nagarjuna University (3<sup>rd</sup> Cycle) in the year 2016. A committee comprising Deans of faculties and others had been constituted to take care of the seven criteria in the preparation of the Self-Study Report. The Advisory Board of the IQAC had several meetings with the Vice-Chancellor in chair to review the status of the criteria-wise preparation of Self Study Report and the Evaluative Reports of the Departments. Several workshops and awareness programmers have been organized by the IQAC in this connection.

The NAAC Peer Team visited ANU during 5 – December, 2016. Subsequently NAAC accredited ANU with CGPA of 3.08 on seven point scale at “A” Grade. This grade is valid for a period of 5 years upto 15<sup>th</sup> December, 2021, as per the certificate given on 16.12.2016.

The Office of the IQAC, Acharya Nagarjuna University has received application for promotions of Teachers Under Career Advancement Scheme (CAS), 2021 for the promotions of Assistant Professor (Level 10 to 11), Assistant Professor (Level 11 to 12) to Associate Professor (Level 12 to 13A), Associate Professor (Level 13A to Level 14), Professor. The Office of the IQAC undertook the Internal scrutiny and External scrutiny by the Committee members appointed by the University and submitted the Scrutinized applications to face the CAS Interviews.

# PRISM CENTRE

# PRISM CENTRE

## DSIR – PRISM SCHEME

The DSIR (Department of Scientific & Industrial Research, Govt. of India), New Delhi, during XII five year plan initiated a scheme entitled, “PRISM (*Promoting Innovations in Individuals, Start-ups and MSMEs*)” with an aim to promote innovations by supporting financially the individual innovators. In order to implement the scheme, the DSIR has identified the centres called TOCICs (TePP Outreach cum Cluster Innovation Centres) in the country.

The Acharya Nagarjuna University has been allotted one such centre (ANU-TOCIC). The centre calls for fresh innovative proposals from innovators and arranges their processing for financial support by DSIR. It also provides counseling and mentoring facility to the innovators in addition to incubation facilities.

Who can apply for financial support?

- I. Any Indian citizen having innovative idea and wish to translate his / her idea into working prototype/model / process.
- II. Any public funded institution / organization / society registered under the societies Registration Act, 1860 or Indian Trusts Act, 1882 and engaged in promotion of innovation.

How to apply?

The prescribed application format and guidelines available in website: [www.dsir.gov.in](http://www.dsir.gov.in) can be downloaded and submit the application complete in all respects to the ANU-TOCIC, Nagarjuna Nagar-522 510, Andhra Pradesh

**Thrust Areas:** The proposals shall be preferably in the focus sectors namely, Green Technology, Clean Energy, Industrially used smart materials, Waste to Wealth, Affordable Health Care Water & sewage management and any other technology intensive area.

The innovative proposals are considered for financial support under the following four broad categories in PRISM Scheme

Program	Eligibility
<b>PRISM Phase-I</b>	
<b>Category-I:</b> Proof of Concept/ Prototypes/ Models Maximum support may be limited to 2.00 lakh or 90% of the total project cost whichever is lower.	Any Indian citizen including student innovator can avail support to develop their novel idea into demonstrable models/ prototypes.
<b>Category-II:</b> Fabrication of working model/process know-how/ testing and trial/patenting/technology transfer etc. (Innovation Incubation) Maximum support may be limited to 20.00 lakh or 90% of the total project cost whichever is lower.	Any Indian citizen having innovative ideas.
<b>PRISM- Phase-II (Enterprise Incubation)</b>

The ANU-TOCIC will work on all working days. The innovators can approach the centre at ANU for any help in submitting proposal and for mentoring between 11 A.M. to 5 P.M

### ANU – TePP Outreach-cum-Cluster Innovation Centre (TOCIC)

An interaction-cum-appraisal meeting with DSIR – Scientist **Shri Pratap Singh** was held on 26.8.2014 in the committee hall of ANU. The meeting was presided over by the Vice-Chancellor Prof. K.V. Rao and attended by the innovators who had been financed by DSIR for their innovative projects under Technopreneur Promotion Program (TePP) along with other budding innovators who wish to avail support for their novel projects. Shri Pratap Singh explained that the DSIR under PRISM Scheme wants to promote innovations from individuals in the areas of green technology, clean energy and waste to wealth, affordable health care and water & sewage management. The innovative proposals in the above areas would be financially supported in the PRISM scheme for providing proof of concept / fabrication of working model / testing & trial / patenting / technology transfer. He also traced various steps that help the domain experts to evaluate the proposals critically. He gave many suggestions to ANU-TOCIC staff on how to expedite the scouting of project proposals of innovators. The interaction proved very useful to the budding innovators, small scale entrepreneurs, domain experts and TOCIC personnel in the implementation of PRISM scheme and utilizing it for the betterment of society at large.

### ANU-TOCIC invites innovative project proposals from individual innovators

The Department of Scientific and Industrial Research (DSIR), Government of India, has launched the scheme entitled, **Promoting Innovations in Individuals, Start-ups and MSMEs (PRISM)** for encouraging the innovators who can avail government financial support for developing their technological innovations into prototypes and for commercialization. The ANU – TePP Outreach-cum-Cluster Innovation Centre (TOCIC) of DSIR is established to implement the above PRISM scheme by receiving applications from innovators and their processing. The different categories of applications in the scheme are:

#### Prism Phase – I

**Category- I:** For Proof of concept / Prototypes / Models. Maximum funding upto **Rs. 2 Lakh**.

**Category – II:** Fabrication of working model / process know-how / testing and trial / patenting / Technology transfer etc. Maximum funding upto **Rs. 20 Lakh**.

#### Prism Phase - II

For Commercialization and R&D proposals for developing technology solutions aimed at helping MSME clusters: Maximum support upto **Rs. 50 Lakh**.

Prof. Z. Vishnuvardhan, TOCIC-Coordinator, ANU, said that any interested innovator can visit the website: [www.dsir.gov.in](http://www.dsir.gov.in) and submit their application with innovative ideas. Your queries can be answered at TOCIC – ANU, Office Phone No: **0863 – 2346183 & 9866015487 & Email Id: [anu.tocic@yahoo.com](mailto:anu.tocic@yahoo.com)**
